NEWS OF THE MORNING.

Forest fires are again raging in New Jersey.

The fire started in the oil wells of Bradford (Pa.) has spread over twelve miles of territory.

The desire of the leaders of both political parties to bring about a final adjournment of Congress by the close of the present month appears to be increasing daily, and there is an undoubted possibility that the session will terminate at the time indicated.

The Conference Committee on the Diplomatic Appropriation bill increased the item for the salaries and expenses of the Chinese Commission to $34,000. This allows $26,000 for the salaries of Commissioners Swift and Trescott, and the balance for a secretary, interpreter and incidental expenses.

The Blaine bureau in Washington is issuing a circular purporting to give the results of elections held in twenty-nine States and five Territories for delegates to the Chicago Convention. A table is printed in this circular which shows the following as the result of the elections thus far held. For Blaine 286, Grant 182, Sherman 91, Edmunds 26, Washburne 13.

American citizens in Peru claim through the United States government indemnity from Chili for all losses and damages whatsoever they have suffered, or may hereafter suffer, through the acts of the Chilian forces. They protest against the manner in which Chili has carried, and proposes to carry on the war, as inhuman, barbarous and unworthy a civilized nation.

Six hundred of the 756 delegates who compose the Chicago Convention have been elected. Ten States and three Territories are still to elect. Of these 600 delegates the New York Tribune, after a most careful examination of the conflicting claims of the partisans of the various candidates, assigns 241 to Blaine, 224 to Grant, 91 to Sherman, 31 to Edmunds and 13 to Washburne. This gives no candidate a majority of the convention — 379 votes Blaine lacks 138 votes and Grant 155.

The feeling against the Chinese is growing in New York.

Ex-Governor Irwin, of California, wants to be a Democratic candidate for Vice President

The last census placed the total true value of the United States, both personal and real estate property, at $80,068,518,140.

The Democrats of San Francisco are rushing to the support of Mayor Kalloch. Another attempt to curry favor with the Workingmen.

Mr. Walker, Superintendent of the Census, will try and get the full and correct number of Chinese in this country. The Six Companies will readily see what a weapon this will be in the hands of the whites and will not be over-zealous to lend their aid, and without the compilation is practically impossible.

Representative Daggett will shortly introduced a bill requiring all unsurveyed lands within railroad limits to be surveyed. The purpose is to make the railroad lands subject to taxation, the practice of the companies begin to refrain from asking for surveys or patents until they find purchasers. Not less than 1,100 townships, or about 25,000,000 acres, remain unsurveyed within the grant lands of railroads already constructed in California, Nevada, Utah and Colorado, and nearly or quite one-half of this immense area now escapes taxation.

THE NOONDAYS.

The Bodie Free Press has the following about two of Bodie's coming bonanzas:

The precise figures, as is learned from a perfectly reliable source, of bullion production of the Noonday and North Noonday mines during April were $52,910'57. This includes the shipment of nine bars on Monday last, one of which was from the Spaulding mill As is the usual case when a new mill starts, the Spaulding has up to the present time been running on low grade ore. During the present month the production will no doubt be considerably larger. The machinery will soon be in place on the 512 foot level, and the winze in the rich ore body discovered there will be pushed down with all possible speed. At an early date it is probable that the Noondays will be listed on the New York Stock Board, in accordance with the desire of a large number of capitalists in the East who desire to deal in the stock. While a vast amount of work has been done on these mines, including the erection of a thirty stamp mill, no assessment has been levied during the past year, and it is every way probable that at an early day the North Noonday, if not both the companies, will become dividend-paying properties.

LET OUR DELEGATES BE INSTRUCTED.

Notwithstanding a large majority of the people of this State have expressed themselves in favor of Blaine as first choice as the Chicago nominee, it is evident that efforts, strong and earnest, are making to send the delegation to Chicago at least unpledged, if not composed of openly avowed Grant men. Since Gen. Grant's return from his foreign tour and his probable candidacy, there has been in this State, as elsewhere, a marked division within the party as to the expediency of his nomination. The party managers, men who have hitherto had control of the party organization, have been almost unanimous in his favor, while the rank and file, the men who are to determine by their votes the success or defeat of the candidate, have been in favor of Blaine. The issue was fairly made and fully discussed, and the result at the primaries has been an overwhelming victory for Blaine. Now the party managers tell us that the clearly expressed wish of the party ought not to be formulated by resolution or pledge to our delegates to support Blaine as our first choice in our National Convention—that the Convention is a deliberative body, and that our delegation should be left free to act for the best interests of the party. A pledged delegate is not deprived of the power to deliberate when the time for deliberation comes. It is a familiar practice for States to instruct their delegates to vote for some one as first choice, and the first ballot of a convention is always taken up in expressing the wishes of individual States; in most instances for candidates for whom there is not the slightest chance for a nomination, and for whom none is expected. If it becomes evident that the candidate for whom the delegate is instructed to vote cannot receive the nomination he is freed from his obligation and invested with the fullest power of deliberation, and at liberty to act as he thinks best for the interests of the party and people he represents. Even if sent without restraint the first duty of our delegation will be to express the wishes of the Republican party of Nevada. That has been fairly and fully given, and there is no chance for evasion Let Nevada instruct her delegates to vote for the man of her choice, as other States have done, and as she can do without violation of any principle or party usage.

Nevada and Arizona Railroad Company.

William P. Foster of New York, Stephen W Dorsey of Arkansas, Howard C. Dickson of New York, Jose F. De Navarro of New York, John W. Stewrt of Vermont, John H Flagg of New York, Platt K. Dickinson of New York, James Clyne of New York and Daniel E. Scannell of New York, who desire to form a corporation for the purpose of constructing, running and maintaining a railroad within the limits of the State of Nevada, under the provisions of the Act of the Legislature of the said State, approved on the 22d day of March, A. D. 1865, entitled "An Act to provide for the incorporation of railroad companies and the management of the affairs thereof and other matters relating thereto," and of all Acts in amendment of said Act, do hereby adopt articles of association as follows, to wit:

First—The name of the said corporation shall be the Nevada and Arizona Railroad Company.

Second—The term of the existence of said corporation shall be fifty years, commencing on the first day of April, 1880.

Third—The amount of capital stock of said corporation shall be seven millions of dollars, which shall be divided into shares of the par value one hundred dollars each.

Fourth—The number of directors of said corporation shall be five, and the names of the directors who shall manage the affairs and concerns of the said corporation, until others are elected, shall be William P. Foster of New York, Stephen W Dorsey of Arkansas, Howard C. Dickinson of New York, Jose F De Navarro of New York and John H. Flagg of New York.

Fifth—The route over which said corporation shall construct the proposed road shall be as follows. Commencing at Wadsworth in the county of Washoe, on the line of the Central Pacific Railroad, running thence southeasterly into and through the counties of Washoe, Storey, Lyon, Churchill, Esmeralda, Nye and Lincoln, to Colville, on the Colorado river.

Sixth—The length of the said proposed railroad, as near as may be, without actual survey, will be three hundred and fifty miles.

S. W Dorsey, Platt K. Dickinson, Howard C Dickinson, J. F. De Navarro, John W. Stewart, John H Flagg, James Clymer, Daniel E. Scannel, William P. Foster, Theodore W. Torrey.

Affidavit attached of W P. Foster, Howard C. Dickinson and J F. De Navarro certifying that the aggregate subscriptions to the capital stock exceed in amount $1,000 per mile, and that ten per cent of the amount of said subscription has been paid.

Above articles of association filed in the office of Secretary of State of Nevada, April 30, 1880.—[Carson Times.

Fears are entertained that the training steamer Atalanta has been lost on the British coast with all on board, during late severe storms. She was a British educational vessel, worked by 215 men and 300 boys. The following was found in a bottle near the junction of the Weaver and Mersey: "H. M. S. Atalanta, 16th March.—Fearful hurricane. Dismasted. Going down fast. Off the Lizard."

POLITICAL SOUNDINGS.

Evarts is to lend the weight of his rhetoric to the Ohio campaign.

The question of making Montreal a free port strongly agitates the inhabitants of that city.

The Boston Post somewhat paradoxically suggests ex-Senator Whyte, of Maryland, as a Democratic "dark horse."

The Atlanta Constitution intimates that a cold breeze blowing from the direction of Charles Francis Adams has proved too much for the budding Edmunds boom.

The Toledo Blade assigns to the ex-President delegates from Illinois, Alabama, Mississippi, New Jersey, Tennessee and West Virginia to the number of 132 votes.

General J. C. Smith, present State Treasurer of Illinois, is a prominent Republican candidate for Governor of that State.

The friends of Mr. Tyner, the First Assistant Postmaster General, are urging him as the successor of Mr. Key, but it is not thought he will get it. There is a strong impression that a Southern man will be selected, but a Southern Republican, not a Democrat.

Thomas J. Jarvis the present Governor of North Carolina, is regarded by the Democrats as an available candidate for re-election.

Mr. Don Cameron is known to have promised the Pennsylvania delegation to Mr. Blaine if the ex-President shall fail or be withdrawn.

Oil Wells on Fire.

The fires in the oil country about Bradford, Pennsylvania, began from a torpedo being lowered into a well, when the well made a flow of oil, throwing the torpedo out of the hole against a derrick. Instantly there was a terrific explosion, scattering the engine house, boiler house, derrick and machinery in a thousand different directions. The oil caught fire and shot up into the air 100 feet in a blazing column. The ground for miles around was covered with a thin layer of oil and oil-soaked leaves. A strong wind was blowing and the fire spread with frightful rapidity. Such was the awful speed of the flames that nothing could be saved, and the people ran for their lives, seeking safety in open fields. The people of Rew City lost everything, and for them and their fellow sufferers subscriptions lists are open. About 800 oil wells and appurtenments, with hundreds of thousands of barrels of oil, were burned in an hour. The sufferers are poor producers. Continuous explosions of oil tanks and rushing floods of blazing oil down the hill sides filled the people with wild terror and excitement. By a strange fatality three other and distinct conflagrations raged about the same time, making a semi-circle of fire threatening Bradford.

THE SENATORSHIP.

Sharon Still in the Field—His Strength.—The Political Outlook.

[Gold Hill News, May 8th.]

It is asserted in Virginia to-day that Senator Sharon expects to arrange everything to his satisfaction so far as his business is concerned and to be a candidate for re-election. The information comes from a politician of note—a man well posted in regard to that particular question and the political outlook in the State.

The object of this and all items in the News on the Senatorial candidacy is to present the phases of the question as they are developed as items of interest to its readers. The announcement above made is of unquestionable interest, and that interest immediately reaches out and takes hold of another question: What are Mr. Sharon's chances of success? Of course the reply can only be a rehearsal of probabilities from the present outlook over the political field.

The gentleman who made the announcement that Mr. Sharon is likely to be in the field says as to his chances.

In the first place there are nine hold-over Senators who may be counted upon as supporters of Mr. Sharon. This is a big start.

Then Mr Sharon has large interests in Eureka which will undoubtedly carry that county for him. No other man named for the position can cope with him there.

Then there are likely to be more Democrats in the next Legislature than there was in the last. Humboldt, Elko, Lander and Nye counties may be put down as Democratic, hence as likely to be for Sharon, to say the least, as for any of his opponents in the Senatorial race. The action of some of the members from these counties in the last Legislature has awakened a lively interest there in political matters, and the results are likely to be Democratic gains.

"Churchill," continued the speaker, "is certainly as likely to go for Sharon as for any other of the gentlemen named for the position. If the new railroad is built as contemplated that will doubtless develop considerable strength for Mr Sharon in both Lyon and Esmeralda counties. In Storey county—"

Here the speaker found the News man taking notes, said he was not talking for publication, and refused to give further views on the contest.

The cheapest place in Reno for drugs medicines, and patent medicines, is at Myers' drug store, two doors west of the Postoffice.

NEWS NOTES.

The town of Altures is under water, caused by the rising of Pitt river.

Virginia City is agitating the propriety of observing Decoration Day in the usual manner.

The track of the Southern Pacific Railroad is now laid 35 miles east of Tucson.

It is evident that the Apaches are anxious to see their old friend Crook, with his battalions of cavalry. Their last exploit of devilment was to butcher a party of shepherds and stampede 100,000 head of sheep.

John Ross was tarred and feathered on his wedding night at Lewis, Ky., because his bride was his niece.

Governor Cornell, of New York, has vetoed the bill taxing the capital of foreign banks in that State.

The leading merchants of Bodie have consented to close their stores on Sundays.

The Coroner's jury, in the case of Jurgens, who killed the Chinese chicken thief at Secramento, brought in a verdict of justifiable homicide.

Mary Beane deemed herself neglected by her lover at Denver, and, shot the man with whom she found him playing cards when he ought to have been visiting her.

Bushels of seventeen year locusts were unearthed by Peter Welrich of North Lebanon, Pa., while ploughing in an old orchard last week, the sod of which had not been disturbed for many years.

The Prince of Wales is badly in debt, which is no news at all, for he has been in debt for fifteen or twenty years, and probably will be as long as he lives. His income appears to be too small. He only gets about $600,000 per annum. He should embark in some business that pays better.

Denver has ten Chinese opium dens, which are patronized by American men and women, and require $90,000 worth of opium per annum. The Asiatic scourge is steadily moving eastward, blighting and destroying as it progresses.

Government bonds to the amount of about $1,000,000,000 are held in New York and New England. It would be a good thing for the country if the national securities were more widely distributed.

For the first time in fifty-eight years it is now legal to smoke on the streets of Boston, and a Mormon church was dedicated in Chicago last week. These Eastern cities are bound to progress.

On the approaching Fourth of July an American flag will be formally presented to the city of Boston by the city of New Orleans, which looks as if the late civil war was about over.

Suggested Epitaph for Paine.

The proceeds of Robert Ingersoll's lectures on Thomas Paine ($1,500) are to be appropriated to the erection of a monument to the author of the "Age of Reason." The New York Observer suggest this as an appropriate epitaph:

To the memory of
The man of whom John Adams,
President of the United States,
Recorded this opinion
"Worthless, unprincipled, profligate,
Blackguard Paine;"
The man who wrote a letter to
George Washington,
And thus addressed the Father of his Country:
"Treacherous in private friendship and a hypocrite in public life, the world will be puzzled to know whether you are an apostate or an impostor."
This monument is erected to Thomas Paine by the munificent liberality of his friend and admirer, Col. Robert Ingersoll."

TRUCKEE ITEMS.

[Republican, 8 h.]

Shipments of lumber are light. Between fifteen and twenty carloads of wood are being shipped East daily.

All engines between here and Wadsworth will commence burning coal inside of a month. Wood will still be continued between here and Sacramento.

The snow is melting rapidly. Down every ravine and gully a little torrent is rushing. The culverts along the railroad are all filled with flowing streams.

The Nevada County Re-union will be held on or about June 10th, at Lemert's Grove, between Grass Valley and Nevada City.

"Hari-kari" is a form of suicide performed in Japan by cutting open the abdomen by two crosswise cuts with a short sword. Nearly all Japanese officials carry on their person two swords, one long, to fight an enemy with, and the other short, to perform hari-kari with if their own honor is at all damaged. It is a very common practice, as by doing so a man's honor is saved. Officials are often commanded to kill themselves by this method when by any act they have fallen into disgrace, and by doing so their children inherit their property and their father's position, but not so if the suicide has taken place unbidden. Persons who have suffered unbearable affront, which cannot otherwise be satisfied, sometimes kill themselves in this way and thus satisfy their revenge on their enemy.

"Daniel McFarland, who shot Albert Richardson, of the New York Tribune, is dying in a Leadville hospital." This item had been going the rounds of the press for two months. It is not a strange thing for a man to be dying in Leadville, but to hang on so long is a surprise.

A coroner's jury in Vermont didn't think it would look just right to say that a citizen was found died in his barnyard, so the verdict was: "Visited by a stroke of Providence while hitching up his team to carry rutabagas to market."

The Assessor and assistants are hard at work.

A miserable, windy, nasty day was yesterday.

Dr. Sheets is sojourning at Carson city, filling the aching void.

D. A. Bender, H. L. Ticknor and Henry Wadsworth intend to open a bank at Candelaria.

Belknap and Cassidy will be the Democratic nominees for Supreme Judge and Congressman.

Judge Beatty, of the Supreme Court, was a passenger last night for the Eastern part of the State.

They picknicked near Sacramento yesterday. It would have been interesting to try that game here yesterday.

The Arcade restaurant window presented a very attractive appearance last evening—particularly to the hungry man.

A painful rumor was extent yesterday that a Reno man had $50 in his pocket. Crowds flocked to try and find him. Success indifferent.

The Democratic primaries passed off quietly yesterday, and the ticket agreed upon at the meeting on Friday evening was elected. Just 118 votes were polled.

Stocks are still receding. After the board yesterday Union was 15¾, Ophir 5¼, Mexican 6¼, Sierra Nevada 9¼, Belchar 2.10, Northern Belle 9¾, Utah 6.

The Carson Times sayes the V. & T. R. R. paid off its four hundred employes yesterday, disbursing from $40,000 to $15,000 in sums ranging from $50 to $250 each.

The so-called go-as-you-please-polka will be strictly prohibited at Mrs. Alt's dancing school upon all occasions. Patrons who violate the rule will not be allowed to attend the school.

Delegates from the west to the Republican Convention, will have to leave Reno to-night in order to reach Austin on time. There will be a large crowd down on the V. & T. to-night.

Of the Blaine Men mentioned for Chicago we remember D. A. Bender, of Carson, E. Strother, of Virginia, Sam Grass, of Winnemucca, Dr. Meiggs, of Elko, Senator Blair, of Lincoln.

The Oasis has donned its Spring attire. The walls and ceilings have been kalsomined, and the woodwork has all been freshly painted. The saloon is greatly improved by the change.

In accordance with the new law recently passed, the barbers of this town will close their shops regularly at 1 P. M., on Sundays. The law meets with approbation and is considered a great relief by the overworked tonsorial artist.

J. K. Everett goes below this morning after a new stock of groceries and provisions. He will buy a large quantity of the best that is to be had, and will sustain the high reputation his store has for fair dealing and good goods.

Lively Times at Clinton.

The Clinton mill is running at its fullest capacity. Under the management of Nelson Martin, the business of the Pacific Wood and Lumber Co., is in an exceedingly prosperous condition, several millions of feet of sawlogs are banked at the head of the chute overlooking the millpond, and millions more are lying alongside the Narrow Gauge railroad which leads to the chute. The Republican says the snow is being rapidly cleared from the track, and logging trains are now run far up into the forests. Next Summer Mr. Martin will erect a round house at the upper terminus of the road, and build a snowplow. By means of the down grade a train of cars loaded with sawlogs, will drive the snowplow down over the road through any depth of show. The Clinton Narrow Gauge railroad proves of unestimable value to the company this spring, because while many other mills are idle for want of logs, this railroad keeps the Clinton mill abundantly supplied. Orders have been received for all the lumber which can be sawed during several weeks to come, and times are decidedly lively at Clinton.

Wadsworth School.

From Mr. Burchard who has just concluded his pedagogue labors at Wadsworth and taken the school census of District No. 11, we learn that there are fifty children in that district entitled to draw school money next year, or ten less than last year. He says that the school money derived from State and county school tax will keep that school running only for six or seven months. The last term there was an average attendance of forty pupils. The next term, which begins in September will show an attendance of perhaps not over 20 scholars; certainly so if the C. P. machine shops are moved before that term, and of which there is now little or no doubt. Mr. B. says that the Trustees, Mr. G. Gregg, Wm. Donaldson and Thos. Herman are perfect gentlemen and that his term at Wadsworth was a very pleasant one indeed.

Suppress Them.

A city ordinance in Sacramento makes it a misdemeanor for tramps to go around that city begging for food. This forces them to do a little work at least for a square meal. In Oakland it is a misdemeanor for tramps to take lodgings in barns or outhouses, and free lodgings are furnished at the City Hall. The penalties for violation of these laws, are enforced by a period of a more or less work in the chain gang, with other offenders. In Oakland, the ordinance was adopted on account of so many barns being burned by careless tramps by smoking pipes. Why would not a town ordinance of like character be a good thing for Reno?

Sad News.

Among the Associated Press telegrams of the 6th was an item saying that a Mr. McKelvey, Warden of the Elmira, New York, prison, had been killed by a prisoner, whom he was punishing for insubordinacy. Brief as the telegram was it came as a thunderbolt to Rev. C. McKelvey, whose brother, G., had been Warden of the Elmira jail for ten years. The deceased fell dead without a word after receiving the fatal stab. He left a wife and three children to mourn his tragic death. Reno friends sympathize with the brother who, away out here in Nevada, is thus saddened.

Half Fare to Delegates.

The Central Pacific Railroad is entitled to credit for giving half-fare rates to delegates to the Austin and Winnemucca Conventions. Even the officers of the two conventions will be granted this privilege. Delegates are required to purchase full trip tickets going, but upon a certificate from the Secretary of the Convention showing that they were delegates, the Agents at Winnemucca and Battle Mountain will issue return tickets free of charge.

Vagrants.

Yesterday morning at 4 o'clock Constable Avery arrested E. Frank, Harry W. Allen, who were examined and discharged. He also captured Geo. Howard, Charley Howard, Chas Price, Joe Warren, John Preston and Richard Wilson, all of whom got ten days each. They had appropriated the V. & T. section house and had built a fire in it, and were having solid comfort, when the officer unkindly interrupted them and arrested them upon a charge of vagrancy.

Newspaper Change.

C. F. McGlashan has retired from the Truckee Republican, having sold out to B. J. Watson, Senator from Nevada county. Mr. Watson is a newspaper man of experiance and will doubtless show his worth in his new field. To the retiring gentleman we extend our heartiest wishes for his continued prosperity.

Grading.

The work of grading on the Bodie railroad will be commenced next week. The road is to be hurried to completion as fast as possible.

Reform Club.

The exercises at the Theater last night were of the usual interesting character, but owing to the lateness of the hour to which they were continued we did not feel justified in working over time to give our usual full and accurate report.

"Where is Heaven," and "Flowers, Fresh Flowers," two pieces of music from M. Gray, 117 Post street, San Francisco, are hereby acknowledged. The words of the latter are written by Loomis, city editor of the Gold Hill News.

Judge Griswold, of Wadsworth, left for a trip East on this morning's train. He will be absent two months.

The United States Patent Office on March 1st abolished the rule requiring models of inventions to accompany applications for Letters Patent. The examiners will hereafter depend solely on the drawings in making up their decision. Where they are unable, owing to the intricacy of the invention, to decide a knotty point, they are empowered to call upon the Inventor for a model, but, it is estimated, this will not be necessary oftener than once in a thousand cases. This will be a great saving to the Inventor, and is satisfactory to patent attorneys; but we question whether model makers will be so well satisfied.

BISHOP WHITAKER'S

SCHOOL FOR GIRLS, RENO.

This School has been in successful operation for three years and a half and has become well known throughout the State. From the time it was first opened until now no pains have been spared on the part of those who have it in charge to make it a

FIRST-CLASS SCHOOL,

Fully worthy the confidence of those who have thought ra to be educated. And these efforts have been successful. It gives us pleasure to say that although the number of scholars has at some time been larger than during the last term, the school is now in better condition than it has ever before been, and it is now, more than ever before, worthy of patronage and support.

TEACHERS:

Miss Kate A. Sill, the first Principal, returned and resumed her position at the beginning of the last term, to the great satisfaction of every scholar, and friend of the School. Mrs. L. B. Graham has also returned, and with Miss Sill will be readily identified with the school. Miss Eva Quaife, the teacher of music, is too well and favorably known to need any commendation from us. In addition to these the Rev. R. Jenvey Miss Julia S. Woodruff, and Miss Jane Briscoe, three thoroughly competent teachers have been employed during the past term. Addition to the staff of teachers will be made whenever the wants of the School may require it; but with thirty-five scholars, the number in attendance during the last term, six teachers are amply sufficient to do full justice to every scholar while especial attention is given to the

Common English Studies.

And to the health and good manners of scholars, there is not wanting every facility needed for acquiring all the accomplishments of a

Higher Education.

One admirable feature of the School is that lessons in Free Hand Drawing, Singing and Penmanship are given regularly to all the pupils without extra charge. Calisthenics and Physical Training also receive due attention. But the best feature of the School is that it is a

Refined, Cultivated, Christian Home

It is in the formation of a pure womanly character in its pupils that its best and most enduring influence is to be found. There are few who have been long connected with the School who do not show the effect of this influence upon their character and habits. The charges are as low as they can reasonably be placed.

$300 a Year

Pays for Board and Tuition in all the English studies. Books and Washing are charged at the actual cost. An additional charge is made for private lessons in Music, Drawing or Modern Languages.

The Next Term begins on Thursday January 8, 1880.

Letters of inquiry and applications for admission should be made to

MISS KATE A. SILL, Reno, Nevada.
or to
BISHOP WHITAKER, Virginia City, Nevada.

DR. SPINNEY,

NO 11 KEARNEY STREET.

TREATS ALL

Chronic and Special Diseases.

YOUNG MEN

WHO MAY BE SUFFERING FROM THE effects of youthful follies or indiscretion will do well to avail themselves of this, the greatest boon ever laid at the altar of suffering humanity. DR SPINNEY will guarantee to forfeit $500 for every case of Seminal weakness or private disease of any kind or character which he undertakes and fails to cure.

MIDDLE-AGED MEN.

There are many at the age of thirty to sixty who are troubled with too frequent evacuation of the bladder, often accompanied by a slight smarting or burning sensation, and a weakening of the system in a manner the patient cannot account for. On examining the urinary deposits a ropy sediment will often be found and sometimes small particles of albumen will appear, or the color will be of a thin milkish hue, again changing to a dark and turbid appearance. These are many men who die of this difficulty ignorant of the cause, which is the second stage of seminal weakness. Dr S. will guarantee a perfect cure in all such cases, and a healthy restoration of the genito urinary organs.

OFFICE HOURS—10 to 4 and 6 to 8. Sundays from 10 to 11 A. M. Consultation free. Thorough examination and advice, $5

P. S. For private diseases of short standing a full course of medicine, sufficient for a cure, with all instructions, will be sent to any address on receipt of $10.

AYER'S HAIR VIGOR

FOR RESTORING GRAY HAIR

To its Natural Vitality and color.

Advancing years, sickness, care, dissipation, heredity, and hereditary predisposition all turn the hair gray, and either of them incline it to fall prematurely.

AYER'S HAIR VIGOR, by long and extensive use, has proven that it stops the falling of the hair immediately; often restores the growth; and always surely restores its color, when faded or gray. It stimulates the nutritive organs to healthy activity, and prevents both the hair and its beauty. Thus brushy, weak or sickly hair becomes glossy, pliable and strengthened, lost hair regrows with lively expression; falling hair is checked and stabilished; thin hair thickens; and faded or gray hairs resume their original color. Its operation is sure and harmless. It cures dandruff, heals all humors, and keeps the scalp cool, clean and soft—under which conditions, diseases of the scalp are impossible.

As a dressing for ladies' hair, the Vigor is prized for its grateful and agreeable perfume, and valued for the soft lustre and richness of tone it imparts.
